

Boozhoo,

My name is Georgia Cobenais, I'm currently representative of Waawiyegaamag (Round Lake). The opportunities and experience gained from the past two years have helped us make decisions that we knew would help the tribe and our people for many years and to help with our people/families in seeking sobriety, healing, which helps with reunification of families. If you're ready and want help, please reach out.

Other plans for our future growth of the tribe through grant funding is in studies right now, we want to make sure we do things the proper way on behalf of the tribe and our people. We asked directors, managers, coordinators, Depts, community members for help, to build committees, boards, teams to seek, investigate, write and plan for future projects to help the tribe keep moving forward, keep trending forward, we hire a casino management team that can keep up with today trends, new ideas, they have to trainings, attended gaming summit to gain knowledge and gain resources for new Casino & Hotel development for SCCTL future, the city of Turtle Lake is growing and we do need to keep up in that area if we want to remain one of the most successful and powerful businesses in Turtle Lake. So, thank you too all the key Committees, Boards, departments & Teams of directors, managers, coordinators, employees, and St. Croix membership for volunteering and helping through daily work force programs which some were developed on the spot, as immediate aide to communities and our members. These are the true leaders that helped the Tribal Council move the tribe forward. I would appreciate your continued support, let keep the momentum! Good Luck to candidates!

Vote Georga Cobenais June 10, 2023.
